

NO CAMOUFLAGE

A Real Strengthening and Tonic Medicine for the Kidneys.

When your kidneys are weak and torpid, they do not properly perform their functions; your back aches and you do not feel like doing much of anything. You are likely to be dependent and to borrow trouble, just as if you hadn't enough already. Don't be a victim any longer.

Hood's Sarsaparilla gives strength and tone to the kidneys and builds up the whole system. It combines the best ingredients that doctors use for kidney troubles, such as mandrake and other valuable roots, herbs, barks and berries. No other medicine is so helpful, because no other medicine has the same formula or ingredients.—Adv.

IS NOT YET OVER.

Must Hit Potsdam a Knockout Blow, Says Secretary Daniels.

Springfield, Ill., Oct. 7.—"The war is not yet over. We must hit Potsdam a knockout blow now and end the rule of autocracy for all time," said Secretary of the Navy Josephus Daniels here Saturday night.

BREAKS A COLD IN A FEW HOURS

First Dose of "Pape's Cold Compound" Relieves All Grippe Misery.

Don't stay stuffed up! Quit blowing and snuffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken will end grippe misery and break up a severe cold, either in the head, chest, body or limbs.

It promptly opens clogged-up nostrils and air passages; stops nasty discharge or nose running; relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance, tastes nice, and causes no inconvenience. Don't accept a substitute.—Adv.

Drive the Germans into Germany!
Seal the victory!
Fight like the wrath of God!
What has been done counts for naught unless more and mightier efforts be added!
Buy Fighting Fourth Liberty Bonds to furnish more men, more ships, more munitions, more food. The Hun must be made to accept a just and retributory settlement.
Buy the first day, Sept. 28. Don't wait until the last day, Oct. 19.

WHEN YOU WAKE UP DRINK GLASS OF HOT WATER

Wash the poisons and toxins from system before putting more food into stomach.

Wash yourself on the inside before breakfast, like you do on the outside. This is vastly more important, because the skin pores do not absorb impurities into the blood, causing illness, while the bowel pores do.

For every ounce of food and drink taken into the stomach, nearly an ounce of waste materials must be carried out of the body. If this waste material is not eliminated day by day, it quickly ferments and generates poisons, gases and toxins, which are absorbed or sucked into the blood stream, through the lymph ducts which should suck only nourishment to sustain the body.

A splendid health measure is to drink, before breakfast each day, a glass of real hot water with a teaspoonful of limestone phosphate in it, which is a harmless way to wash these poisons, gases and toxins from the stomach, liver, kidneys and bowels; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

A quarter pound of limestone phosphate costs but very little at the drug store, but is sufficient to make anyone an enthusiast on inside-bathing. Men and women who are accustomed to wake up with a dull, aching head or have furred tongue, bad taste, nasty breath, sallow complexion, others who have bilious attacks, acid stomach or constipation are assured of pronounced improvement in both health and appearance shortly.—Adv.

CUTICURA HEALS PIMPLES ON FACE

Also Blackheads. Large and Scaled Over. Itched. Troubled 2 Months.

"I used oil to oil machinery and my face was covered with pimples and blackheads. The pimples were large and they festered and scaled over. They were scattered on my face, and at times they itched causing me to scratch. They lasted about two months.

"Then I got Cuticura Soap and Ointment, and I used one box of Cuticura Soap when I was healed." (Signed) F. A. Cayen, 146 Main St., Ware, Mass., October 20, 1917.

TWO BRATTLEBORO BOYS.
In Same Hospital in France Suffering from Wounds.

Brattleboro, Oct. 7.—Two Brattleboro boys are in the same hospital in France suffering from wounds. Private George F. Willard, reported in the casualty list today as being wounded severely, is a brother of Mrs. Samuel Clark of West Dummerston and before enlisting a year ago last June, he was employed here in Manley Bros. garage. He is a member of Co. I, 103d infantry. In a letter just received by Mrs. Clark, Private Willard wrote of being in the hospital with Private Allan Colt of this town, who is in Co. G, 103d infantry and who was wounded, but no official notice of Private Colt being wounded has been received by his relatives.

SOME USES OF THE PEOPLE'S MONEY BY THE WAR DEPARTMENT

Since the United States entered the war, a little more than 18 months ago, the War Department has raised, equipped, trained and, with naval help, sent across the sea upward of a million and a half of soldiers and has practically as many more under training at home. The number of American soldiers lost in transit as a result of U-boat attacks up to September 1 last was less than 500.

In this time more than 2,000,000 rifles of the new 1917 model, considered by many experts the best army rifle in the world, have been made, inspected, assembled and issued, and the weekly production is growing.

The total amount of money directly appropriated by Congress for the Ordnance Program, or for which authorization has been given to incur obligations, amounts to approximately \$12,000,000,000, since the beginning of the war.

From the beginning of the war, to June 30, 1918, the last day of the past fiscal year, contracts were placed by the Ordnance Department from appropriations and authorizations existing at that time amounting to \$4,300,000,000. It is estimated that during the present fiscal year ending June 30, 1919, the actual cash expenditures for ordnance will reach a total of \$7,000,000,000.

The major items for which cash expenditures were made or for which contracts were placed, up to June 30, 1918, were:

Artillery	\$1,050,000,000
Automatic Rifles	300,000,000
Small Arms	100,000,000
Artillery Ammunition	1,200,000,000
Small Arms Ammunition	420,000,000
Stores & Supplies	220,000,000
Armored Motor Cars	100,000,000
	\$4,100,000,000

Artillery Ammunition \$2,650,000,000 and Small Arms Ammunition \$955,000,000.

Expenditures in connection with military engineering operations directly relating to the war have exceeded \$275,000,000 the past year, the larger part going for docks and railways in France.

Since the beginning of our participation in the war, there have been bought for Army use 625,461,392 lbs. of flour at a cost of \$43,375,445; 186,582,316 lbs of sugar at a cost of \$14,452,512; 110,451,670 lbs. of bacon at a cost of \$43,375,445; 102,894,742 lbs. of dried beans, at a cost of \$12,613,469; 72,274,529 cans of tomatoes, at a cost of \$9,278,131 and 38,421,256 lbs. of rice at a cost of \$2,775,519. These are but six standard articles of food but they give an idea of the size of Uncle Sam's market basket.

Here is an idea of the Army's clothing bill from April 1, 1917, to Aug. 1, 1918:

Article	Quantity	Value
Shoes, Marching	11,933,000	\$55,488,450
Shoes, Field	12,248,000	71,651,810
Coats, Cotton	6,673,000	16,999,080
Coats, Wool	12,984,000	47,212,020
Breeches, Cotton	14,581,000	24,270,090
Breeches, Wool	15,459,000	74,512,280
Shirts, Cotton	4,098,000	4,098,000
Undershirts	82,771,000	96,777,600
Shirts, Flannel	21,292,000	74,841,300
Drawers, Cotton	41,352,000	24,311,200
Drawers, Winter	41,690,000	83,380,000
Stockings, Cotton	22,684,000	3,424,840
Stockings, Wool	134,028,000	19,191,600
Hats, service	7,779,000	15,555,000
Blankets, 3 lbs.	14,184,000	91,871,000
Blankets, 4 lbs.	6,871,000	54,968,000

The axes and helves bought for the army since we entered the war number 5,121,729, costing \$6,397,961. There are 34,972 rolling kitchens, which cost \$47,480,000; 38,427 field ranges, costing \$1,635,994; 109,306 carpenter's chests costing \$2,732,650; and 5,600 blacksmith's chests, costing \$224,000. The army is using 2,574,982 shovels costing \$1 each; 1,392,500 lantern globes costing 30 cents each; 105,727 desks, costing \$1,377,360 and 47,541 portable forges, costing \$950,820.

There have been contracted for 106,000 motor trucks of all types sizes and styles costing \$240,315,000; 10,700 passenger cars, costing \$12,275,000; 54,400 motorcycles, costing \$10,255,000; together with many thousands bicycles and cargo and tank trailers.

These figures show how the people's money is going into the war to register a will for victory. The sums are large but the need is great. The results, it is believed, will vindicate them.

AN AMAZING PERFORMANCE

Without a Single Casualty, Americans Took 269 Prisoners

BESIDES WIPING OUT GUN NEST

Position Had Been Holding Up the Franco-American Advance

American Headquarters in France, Sunday, Oct. 6.—(Reuters).—Americans fighting under the command of General Gouraud are credited with an amazing performance in the fighting of Friday in the Champagne sector. A detachment, assisted by French volunteers, under an American captain, attacked a very strong machine gun nest on the slopes of Blanc Mont, which had long held up the allied advance. The nest was enveloped and captured and the entire garrison of four officers and 260 men made prisoners. Seventy-five machine guns, many trench mortars and several tractors were taken. The Americans did not suffer a single casualty.

The enemy is throwing some of his best divisions into the line opposite the American front. One of these is made up of Badenese troops. This division is a favorite of the German emperor, and attempted to stop the American advance at Belleau wood in the July offensive.

JUDGE WM. ADSIT DEAD.
Burlington Man Nominated for Second Term as Assistant Judge.

Burlington, Oct. 7.—William H. Adsit, assistant judge of Chittenden county, died at his home here Friday after an illness of several weeks. He would have completed his first term as assistant judge of Chittenden county court Jan. 31 next, and was nominated for a second term at the primaries. Judge Adsit was 78 years old and had resided in Burlington 12 years. He was a real estate dealer for some time.

GERMANY CAN'T HOLD OUT.
Is Statement Being Made By German Prisoners.

London, Oct. 7.—American troops are among the wounded who are arriving in large numbers at southern English ports every day. They are flushed with victory and jubilantly declare "the allies have Fritz beaten to a frazzle." Wounded German prisoners are most despondent. They admit the end is not far off and say it is impossible for Germany to hold out much longer.

The larger percentage of the Germans are boarded Landstrom troops with a sprinkling of boys in their teens.

A HUGE TASK LIES AHEAD

Nation Must Raise Nearly a Half Billion Dollars a Day

TO ROUND OUT LIBERTY LOAN

Cleveland and San Francisco Districts Passed \$100,000,000 Mark

Washington, D. C., Oct. 7.—With the opening of the second week of the fourth Liberty loan campaign the managers face a most tremendous task. From now until the close of the campaign, Oct. 19, daily subscriptions must average \$416,000,000 if the entire \$8,000,000,000 is to be disposed of during this period. This statement is based on sales reported by banks and trust companies.

Only scattered reports reached the treasury department to-day. Both Cleveland and San Francisco districts announced that they had passed the \$100,000,000 mark.

NEW CHANCELLOR'S PEACE PROFFERS
No Annexations in West, Restoration of Belgium By International Pool, and No Damage to France.

Paris, Oct. 5.—Prince Maximilian of Baden, the new German imperial chancellor, will declare against annexations in the west by Germany and in favor of the full restoration of Belgium, according to a dispatch to Le Journal from Zurich. The restoration will be carried out by means of an international fund, however, according to the program which it is indicated the chancellor will propose to the Reichstag to-day. In general, it is declared, his statement of policy will be based on both the Reichstag peace resolution of 1917 and the recent statement of Baron Burián, the Austro-Hungarian foreign minister. There is indication also that the chancellor will make known a disposition to confide the revision of the Brest-Litovsk and Bucharest treaties to a congress of all the belligerents. He will declare against payment of the damage done to France, it is said, and will demand the freedom of the seas in the German sense of that phrase and the return of the German colonies. It is further forecast that the chancellor will favor partial and progressive disarmament, but that he will not entertain any idea of an arrangement with France concerning Alsace-Lorraine and is absolutely opposed to the return of the two provinces.

Is Your New Hat in the Store Yet?

Few men can or want to get by this season without a new hat. But some have a habit of putting off buying it until late.

The question is, why let it lie here and have no service out of it during the part of the season when new things show to best advantage.

Our new line of fall hats are so attractive that a look at them is to cease hesitating.

"One Pipe does it all"

The Magee One Pipe Furnace

Is New in the Heating World

and is recommended by the manufacturers from the standpoint of Efficiency and Economy.

MAGEE One Pipe Furnaces have but one pipe and one register, so designed that it does the work of many.

MAGEE One Pipe Furnaces are reasonable in price; burn hard coal, soft coal, coke or wood, and the cost of installation is much less than any other style of heater.

MAGEE One Pipe Furnaces mean a cool cellar. You can keep your vegetables without trouble—for the outer section of the furnace is filled with cold air and throws off no heat, and the inner casing is insulated with air celled asbestos packing.

MAGEE One Pipe Furnaces are practical for almost every house. Write for particulars, showing if possible, arrangement of your rooms, and we will advise you if the MAGEE One Pipe Furnace is suitable for your particular requirements.
